About Blood in the Wadi

Badlands maps are offered free to the Myth community, however a great deal of time and energy has gone into the creation of these maps, and if you are interested in supporting the continued effort of the Badlands group, contributions or feedback is appreciated. We can be reached through e-mail at our website.

Installation

To use this .GOR, it must be installed inside your plugins folder. The plugins folder is located at Myth:Tags:Plugins. Once installed launch the Myth application and from the plugins list in the game options dialog select b_wadi.gor.
